Croissants

Plain, Almond, Chocolate, or Ham & Cheese \$3.50 - \$3.95

Classic Parisian pastry made with multiple layers of butter laden dough. Cut open a croissant and you should immediately see a lacy network of caverns and crevices, never a dense interior. Stick your nose inside and you'll immediately smell the difference between a croissant properly made with butter and one that's been marginalized with shortening. Take a taste and you'll experience the rich, buttery, melt-in-the-mouth flavor that have made croissants a favorite of café goers in Paris.

Scones

Black Currant, Lemon, Cheddar Herb, Ginger \$3.25

the secret is in the ingredients: sweet butter, heavy cream, and super quality mix-ins like Michigan dried cherries, crystallized ginger and candied lemon zest. Delicate, flaky and velvety smooth as they melt in your mouth...
